

**First Responder Network Authority Weekly Update to the  
State and Territory Single Points of Contact (SPOCs) – May 23, 2016**

**FirstNet News**

- Kenzie Capece, Senior Outreach Advisor, joins FirstNet from the Department of Homeland Security (DHS) Office of Emergency Communications (OEC). Kenzie led multiple governance, education, and outreach efforts for state and local public safety. Prior to her Federal roles, Kenzie was a consultant on public safety grants, infrastructure protection, and homeland security policy for DHS for several years. She is based in Reston, VA and can be reached at [kenzie.capece@firstnet.gov](mailto:kenzie.capece@firstnet.gov) or (202) 768-2542.
- FirstNet continued its participation in State Governance Body Consultation Meetings last week with presentations on May 19 in Colorado and Nebraska. In Colorado, the FirstNet team answered questions from over 40 attendees, including local public safety and elected officials, on a variety of topics such as deployment timelines, quality assurance plans, coverage objectives, and rural coverage. In Nebraska, over 25 attendees representing multiple disciplines engaged in conversations on the State Plan process and how to get more agencies involved in the Nebraska outreach efforts. The attendees also asked questions about the future of deployables on the network and the conditions in which they can be used. The Nebraska Public Safety Broadband Planning Project Working Group members discussed the current process for data devices training, as well as how to establish a quality of service, priority and preemption (QPP) process for their users. FirstNet has now completed 14 Governance Body Consultation Meetings.
- FirstNet continued its metropolitan engagement strategy last week with a meeting in Atlanta, Georgia. More than 40 officials from the Atlanta Police Department, Atlanta Fire Rescue, and neighboring public safety agencies engaged in an interactive discussion with FirstNet and the Georgia SPOC on the key features of the network like prioritization and cybersecurity. In addition, FirstNet and Atlanta officials discussed the city's Video Integration Center and how FirstNet could help officers in the field receive data from this center.
- FirstNet staff and Board Vice Chair Jeff Johnson participated in the Metro Fire Chiefs Association Conference, which concluded last week in Long Beach, California. During the Conference, FirstNet discussed the request for proposal (RFP), consultation, the factors that may affect the timing of public safety adoption of mission critical voice once it's available over long term evolution (LTE), the importance of maintaining LMR in the immediate-term, and the purpose of FirstNet's upcoming metro engagements.
- Last week, FirstNet published a new entry on its blog: Austin-Travis County EMS Talks Broadband Benefits, 'Why They Serve' <<http://firstnet.gov/newsroom/blog/austin-travis-county-ems-talks-broadband-benefits-%E2%80%98why-they-serve%E2%80%99>>, in response to annual Police Week and EMS Week. Several associations amplified FirstNet's additional Police and EMS Week materials on their websites, newsletters, and social media feeds, including the National Association of State EMS Officials

(NASEMSO) and the National Volunteer Fire Council. All blog posts can also be accessed through the FirstNet blog landing page at: [www.firstnet.gov/newsroom/blog](http://www.firstnet.gov/newsroom/blog)<<http://firstnet.gov/newsroom/blog>>.

Fierce Wireless Tech 5/18: Wells Fargo analysts: Don't forget the wildcard that is FirstNet  
<http://www.fiercewireless.com/tech/story/wells-fargo-analysts-dont-forget-wildcard-firstnet/2016-05-18>

Analysts at Wells Fargo Securities are reminding investors that the winner of the FirstNet contract will get access to 20 MHz of nationwide 700 MHz spectrum in the upper D block – representing one of the last ways for carriers to get access to new spectrum outside the secondary market. FirstNet's deadline to

submit final RFP proposals is May 31, and bidding for the FCC's reverse auction of 600 MHz airwaves is slated to start the same day.

MissionCritical Communications 5/16: FirstNet Completes 55 SPOC Engagement Meetings in 4 Months  
<http://www.mccmag.com/News/NewsDetails/NewsID/14269><http://www.mccmag.com/News/NewsDetails/NewsID/14269%0d>>

The First Responder Network Authority (FirstNet) completed 55 state single points of contact (SPOC) engagement meetings between January and April. The meetings re-engaged FirstNet officials with the SPOCs and their leadership teams to lay the groundwork for the remainder of consultation activities in 2016 and future state plans.

#### Web and Social Media

FirstNet social media continues to grow at a steady pace. Twitter gained over 45 new followers and is now at 3,675 followers, while LinkedIn has 1,513 followers. YouTube now has 272 subscribers.
